

A woman with dark hair, wearing a white shirt and a light green cardigan, is in a server room. She is holding a laptop and pointing her right hand towards a server rack. The room is dimly lit with a greenish tint.

ITMAX

Reliable and Scalable.

Lightera

FROM PROJECT TO SUPPORT.
FROM INFRASTRUCTURE TO CABLING.
FROM INSTALLATION TO MANAGEMENT.

 ITMAX

Watch the
solution video.

To keep pace with those who move the world,
reliability is a fundamental element in achieving
excellence.

With ever-increasing demands for data storage and connection
speed, having a **reliable and flexible solution** is the foundation
for data center success.

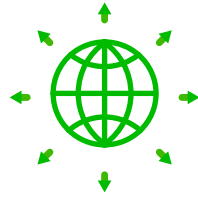

FOR ALL SIZES AND TYPES OF
DATA CENTERS

- Energy savings
- Technological innovation
- Future-proof network
- Efficient maintenance
- High density

BENEFITS

With **ITMAX**, you move in step with transformation.

Possibility of expansion

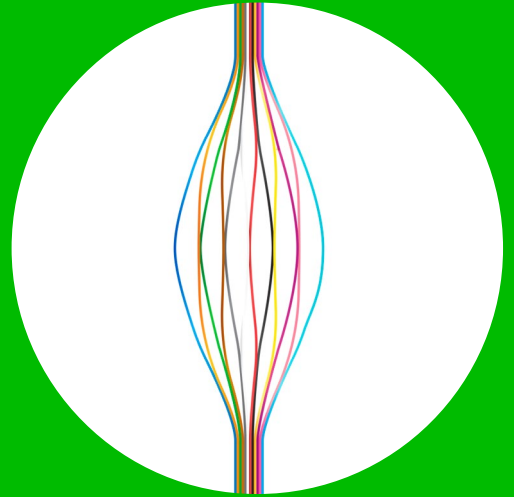

Data security

Energy efficiency

GET READY FOR A NEW ERA OF CONNECTIVITY

Innovative ultra high density technology, perfect for interconnecting Data Centers

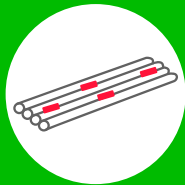

Optimizes pipeline occupancy

Lighter, easier to carry and handle

Less interference and environmental impact

Enables large-scale mergers

Discover the Rollable Ribbon cable

THE RELIABILITY THAT
ACCELERATES YOUR
GROWTH.
